Re: Notice of File Closure for Small Mining Activities, Golden Girl Project, S/015/045, Emery County, Utah

Dear Mr. Birch:

On January 22, 1999 the Division performed a site inspection of your Golden Girl Project located in the NE 1/4 NW 1/4 sec.6, T24S, R17E, SLBM, Emery County, Utah. The inspection confirmed there are no mining disturbances within the proposed project area.

The Division will hereby close file S/015/045, for the Golden Girl small mining project. Closure of this file releases you from further Division reclamation responsibilities at this site. You are not required to pay the \$100.00 permit fee as recently requested in a billing notice from the Division.

If you wish to conduct future mining activities in this area, you will need to submit the appropriate notice of intention, pay the Division permit fee, and receive written approval, prior to commencing any such activities. If you have any questions or concerns regarding this action, please contact me at (801) 538-5267.

Sincerely,

Anthony A. Gallegos
Senior Reclamation Specialist
